

After printing this iron-on transfer design, cut out the design along the black dotted lines which will make the iron-on transfer at approximate 7 1/2 x 7 1/2 inches so it will fit on most children's shirts. Colors may vary by the color of shirts and iron-on transfer paper you use however this design is **recommend to be ironed on a white shirt due to white strips in the flag.** This image is *not reversed* so if your iron-on transfer paper instructs you to reverse (mirror) the image before printing, then you will need to pick that setting from your printer options. **\*\*\* Important!** Although most new types of iron-on transfer paper do not require reversing (mirroring), you do need to follow the directions included with the iron-on transfer paper you choose.
